Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by Check - Money Order) the sum of \$10, payable to S.A.I.F., to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur.

Dear Grapp:

Mr. DeLoach has advised me of the splendid assistance you rendered in connection with The American Legion National Convention in Miami Beach, Florida. Your tireless efforts and devotion to duty certainly contributed in large measure to enhancing the prestige of the FBI on this occasion. I want you to know that your personal enthusiasm and performance are greatly appreciated.

Sincerely,
J. Edgar Hoover

b7cNATIONAL PUBLIC RELATIONS COMMISSION:

Cartha D. DeLoach

Many prominent newsmen attended the Convention. The majority of these men appeared before National Public Relations Commission and/or panels. Ray McHugh, Bureau Chief, Copley Press; James S. Copley, Chairman of the Board, Copley Press; William I. Nichols, Publisher, "This Week" magazine; David Sentner, Hearst Chain; Morgan Beatty, prominent NBC commentator; Jim Lucas, Scripps-Howard columnist; and Joseph Parham, Editor, Macon Telegraph and News. We extended usual courtesies to these representatives of the news media. Both Copley and Nichols cognizant that Director had arranged for them to receive the Legion's "Fourth Estate Award." Director will receive letters from these men personally expressing their gratitude. Morgan Beatty's speech before Convention Commission was highly critical of majority of Government agencies, however, very commendatory of Director and FBI, particularly regarding handling of news inquiries. This Commission met for 2 days, 9/6-7/63 and formal report presented before National Commission assembly. If Director has no objections, I will accept reappointment as National Chairman of this Commission for new Legion year.

NATIONAL AMERICANISM COMMISSION:

Met for 4 days, 9/6-9/63, and considered total of 145 resolutions. Special Agent Donald G. Hanning was elected Secretary of this Commission. Fourteen resolutions commending Director and FBI were consolidated into one strong resolution. This resolution praised FBI for leadership and work in fight against organized crime (copy attached -- Exhibit I). Press release issued accordingly in Miami through medium of American Legion National Public Relations Commission. Good publicity received indicating Director and FBI recipient of commendatory resolution by American Legion 35th year in succession. Strong resolution passed condemning National Students Association. Another strong resolution passed calling for prayer and bible reading in public school systems. Supreme Court was criticized in this regard. There were nine resolutions critical of the Foreign Policy Association and its "great decisions" program.

Re: American Legion National Convention

These resolutions were consolidated into one calling for Congressional investigation of this organization. The unanimous resolution was passed condemning appearance of communists on college and university campuses. This resolution quoted the Director in reference to the Director's 1963 appropriations testimony. Another resolution condemned the Pacifica Foundation and its 3 radio stations. This resolution for Federal Communications Commission investigation and revocation of license.

The Department of Arizona, The American Legion, had a large booth in Convention Hall lobby containing numerous reprints by the Director on the subject of Communism. This booth was prominently visited by numerous Legionnaires. The large banner over the booth read "Fight Communism with FBI and Government Agencies Presented Proof." We received numerous pledges of cooperation from various Legionnaires who attended meetings of the Americanism Commission.

NEW NATIONAL COMMANDER:

The Director has already approved a recommendation that Daniel F. Foley of Wabasha, Minnesota, the new National Commander, be the speaker at the graduation exercises of the FBI National Academy on 11-6-63. Foley had only slight opposition at the Convention. He is cooperative, friendly to the FBI and will be a good speaker. He is 42 years of age and received his LL.B. degree from Fordham University. He has law offices in Wabasha and Rochester, Minnesota, and has engaged in numerous civic activities over the years. He has a brother, Eugene Foley, who is currently the Administrator of the Small Business Administration.

MELLANEOUS:

While in Miami I visited editors of "The Miami Herald" and the "Miami News." Bill Baggs, Editor of the "Miami Daily News," is currently laid up with surgery. The Director's regards were, of course, extended. Opportunity was also afforded to visit a number of commentators and columnists such as Alan Courtney. Cardinal Spellman, who received the Legion's "Distinguished Service Medal" this year, asked that his best regards be given to the Director and stated that he was looking forward to the Director's speech before the large Catholic youth group when the Director receives their highest medal in November, 1963, at the Waldorf-Astoria. With the Director's approval, I accepted the Legion's honor "Man of the Year" award at a ceremony on Sunday, 9-8-63 at the Fontainebleau Hotel. A visit was made to the Miami Office at which time I met all employees present and made a short talk.

Re: American Legion National Convention

RECOMMENDATIONS:

(1) SAC Wesley G. Grapp of the Miami Division spent considerable time in assisting us during the Convention. He worked tirelessly and was of great assistance. It is recommended that he be commended by letter from the Director. Suggested letter is attached.

(2) Special Agent Vincent K. Antle assisted us during Commission meetings, met and handled important personalities and was highly praised by the retiring National Commander for his excellent work. Suggested letter to SA Antle attached.

(3) Special Agents [redacted], Vincent T. K. Stacey, Robert M. MacNamara and [redacted] sacrificed their week end and worked several nights in taking care of necessary responsibilities at Convention. Suggested letter to these Agents attached.

b6
b7c

(4) Special Agents Donald G. Hanning and Thomas B. Coll accompanied the Convention with the Director's approval. Hanning is a prominent member of the National Americanism Commission and Coll is a Department Vice Commander of the District of Columbia and we are grooming him as next year's Department Commander. They worked constantly to assist me in all responsibilities and it is believed they are deserving of high commendation. Their unselfish efforts and loyalty to the Director and the Bureau were certainly exemplified at this Convention. Suggested letters to SAs Hanning and Coll attached.

*Suggest DeLoath be
commended also.

(5) If the Director approves, SA Hanning will accept appointment with the National Americanism Commission and I will continue as National Chairman of the Legion Public Relations Commission for the coming Legion year. It is further recommended that SA Coll be allowed to run for Department Commander of the District of Columbia (he will have no opposition). In this manner, SA Coll will head up the Legion's 13,000 members in the District of Columbia beginning in July, 1964.

Criminal Intelligence School

A check has been made with the General Investigative, Special Investigative, Inspection, Training, and Domestic Intelligence Divisions. There are no reasons known to these divisions why these men should not be brought in on 9/23/63 with the exception of SAC Grapp.

The Special Investigative Division has advised that at this time hoodlum activity involving the Las Vegas hoodlum gamblers is very active and the Miami hoodlum cases are directly tied in. This is particularly true in connection with [REDACTED] a hoodlum attorney closely associated with the Las Vegas crowd. SAC Grapp has been personally following this situation and the Special Investigative Division prefers he remain on the scene in Miami at this time and attend the second Criminal Intelligence School on 10/7/63.

RECOMMENDATION:

It is recommended that SAC Grapp's attendance at Criminal Intelligence School on 9/23/63 be cancelled and he be rescheduled to the 10/7/63 school. If approved, a radiogram is attached.

SUBJECT:

[REDACTED]
ANTI-RACKETEERING

Charles V. Gower

[REDACTED] is closely associated with the hoodlum element in the Miami area, as well as being tied in closely with the Las Vegas gambling crowd. His name has been prominently mentioned in connection with the notorious skimming operations out of the gambling casinos in Las Vegas. [REDACTED] is in frequent contact with various top hoodlums coming to Miami and is strongly suspected of being one of the key figures in connection with the transportation and concealment of funds illegally skimmed from the gambling operation in Las Vegas.

b6
b7C

In our over-all investigation of the hoodlum element in Miami, as well as skimming operations, we have conducted considerable investigation of [REDACTED].

b6
b7C

Wesley G. Grapp

Based on the excellent potential of obtaining key information concerning the hoodlum operations, the Miami Office requested, and was granted, authority on [REDACTED], to install microphone coverage of [REDACTED] office in [REDACTED]. Since the installation of this microphone coverage, which is monitored from [REDACTED], this source has furnished a substantial volume of high-quality intelligence information.

b6
b7C
b7E

SAC Grapp of the Miami Office has furnished the following information relative to a situation which has occurred in connection with the action taken by the Miami Office in its coverage of [REDACTED] 132-192

b6
b7C

Grapp outlined the key part which it is believed [REDACTED] plays in the skimming operation, particularly as to the numbered accounts in the Bahama Islands where hoodlums are stashing away their cash. Grapp states Miami, for several months, had been attempting to establish microphone coverage in [REDACTED] office, and in connection with providing maximum security and control, it was necessary to obtain space next door to [REDACTED] for the purpose of making the installation. Based on previous information, it was known to the Miami Office that [REDACTED], in view of his position in the underworld, maintains a great quantity of material in his office, in addition to substantial sums of money possibly being stashed away in that office.

Memorandum to Mr. Belmont

Re: [redacted]

b6
b7C

Over-all consideration of the security aspects of the microphone surveillance and access to available information in [redacted] office required that a key be made to [redacted] office door. When the Miami Office determined that [redacted] planned to be in Nassau they gained access to [redacted] office and were in the process of making a key, when he unexpectedly returned to his office. An Agent, who was on guard, was encountered by [redacted] in the hall. He was not recognized nor identified by [redacted]. Two Agents, who were in the office space adjacent to [redacted] office, discreetly, and after an appropriate lapse of time, left the area, but were followed by an associate of [redacted]. One of these Agents was approached by [redacted] associate to determine if they had seen any intruder in his office. The identity of these Agents was not made known to [redacted].

b6
b7C

Subsequently, on August 3, 1963, our microphone surveillances disclosed that on August 3, 1963, [redacted] and an associate broke into the space next to [redacted] office, which had been utilized by the Agents. This space was rented under an assumed name by the Miami Office and none of the equipment therein was identifiable with the FBI. [redacted], however, according to our microphone source, found several fictitious stationery forms and letters, which were in no way identifiable with the FBI. However, according to the source, [redacted] found some carbon paper with the name "Charles Victor Powell." According to Grapp, Special Agent (SA) Charles Victor Powell had previously been in the room in question and had utilized his personally owned typewriter, indicating the possibility that in so doing carbon paper could have been left.

b6
b7C

From information picked up from our microphone, it appears that as a result of above incidents, [redacted] has taken steps in an attempt to trace the typewriter, which was left by Agent Powell in the office, and has attempted to identify the "Charles Victor Powell" whose name was found on the carbon paper, as well as the tracing of some automobile license plates which he believed might have been utilized by the persons occupying the space adjacent to his office.

b6
b7C

Although [redacted] has indicated in statements before our source that he might write a letter to the Justice Department just to go on record that someone had attempted to "wire his office," SAC Grapp feels this is very doubtful since [redacted] feels he might lay himself open to possible action in connection with his breaking into the adjacent space. In fact, Grapp states [redacted] is panicking and definitely uneasy and concerned over his actions in breaking into the space.

b6
b7C

Memorandum to Mr. Belmont

Re: [REDACTED]

OBSERVATIONS AND RECOMMENDATIONS BY
SPECIAL AGENT IN CHARGE GRAPP

The microphone coverage which has been effective on [REDACTED] has furnished, and continues to produce, excellent information. There appears to be no indication whatever that this confidential coverage is in jeopardy. To the contrary, [REDACTED], who is extremely worried, continues to carry on conversations in the presence of this source. b6 b7C

In connection with the actions taken by the Miami Office relative to the coverage of [REDACTED], Grapp points out elaborate plans were taken prior to initiating the operation in order to obtain maximum security. For example, a six-man team operation was assigned to this phase of this investigation. Even though information had been obtained indicating [REDACTED] was out of Miami and in Nassau, having made previous reservations, his absence from the city was verified through pretext calls to his office. However, [REDACTED] apparently changed plans and returned to the city prior to expectation. The space obtained to assist in effecting this coverage was obtained in such a manner that it could not possibly be traced back to the FBI. b6 b7C

Agents were placed at strategic points for observation should anyone approach [REDACTED] office. However, [REDACTED] apparently slipped in a side door. b6 b7C

According to SAC Grapp, [REDACTED] is extremely worried and confused and believes that he is under scrutiny as a result of possible income tax evasion from 1959 through 1961, and that he is possibly under investigation by the Securities and Exchange Commission in connection with his Nassau banking operations for the Las Vegas people. He also feels he is under scrutiny by the Organized Crime and Racketeering Section of the Department of Justice. [REDACTED] has made the statement before our source that he does not feel he is under investigation as a result of his "courier" activities since he has seen in the last two months the Internal Revenue Service and Immigration Service reports on the "courier" operation and they have not listed his name. [REDACTED] is undoubtedly referring to the previously reported leak in the Justice Department concerning information which was developed by us and furnished to the Department regarding the extensive gambling activities of the Las Vegas crowd.) b6 b7C

In analyzing this situation, SAC Grapp specifically notes that the personnel of the Miami Office, in taking positive and aggressive approach to penetrating organized crime, has had the

Memorandum to Mr. Belmont

Re: [redacted]

b6
b7C

best interests of the Bureau in mind and the coverage which has been effected in the [redacted] case can be expected to produce excellent results. He noted that SA Charles Victor Powell was in error in not having cleaned out any evidence which would link his true identity to this cover operation. He failed to do this by leaving a sheet of used carbon paper. As a result of this aggressive approach, and taking into consideration this entire operation, the SAC feels that Miami has (1) established vital coverage which is most productive and which may be the key to the skimming operations in Las Vegas, and (2) Miami has developed the fact through microphone surveillance that [redacted] is the middleman and a vital link between the underworld and the transfer of funds to banks in their behalf. Grapp states the Bureau will be kept advised of all developments and upon the final outcome of this matter, administrative action will be made if warranted.

Grapp suggested the possibility that at a later date consideration be given to making a formal complaint to the building management and the police department concerning the entry and pilferage by [redacted].

Grapp recommends that no action be taken at this time in connection with our microphone coverage, since he feels it continues to be secure.

RECOMMENDED ACTION BY SPECIAL
INVESTIGATIVE DIVISION

From analysis of this entire situation, it is obvious that [redacted] is a key figure in connection with the hoodlum activities in the Miami area, particularly those involving the skimming operations out of Las Vegas. The aggressive action by the Miami Office has resulted in microphone coverage being effected on [redacted] and his associates.

b6
b7C

Although the SAC specifically notes the planning and precautionary measures taken in effecting this cover operation, the fact that Agent Charles Victor Powell left in the space, having been occupied by our Agents, identifying data and personal property, namely the typewriter and used carbon paper containing his name, jeopardized this operation. Therefore, although [redacted], as far as we know now, has not identified Agent Powell, and although Powell was assisting in what is recognized as a hazardous and sensitive assignment, it is recommended he be censured for his oversight and that consideration be given to his being transferred immediately from the Miami area. SAC Grapp has stated that Powell has already

b6
b7C

Memorandum to Mr. Belmont

Re:

b6
b7c

been immediately assigned other duties which would preclude the possibility of his being encountered and recognized in connection with our hoodlum investigations.

In addition, it is recommended the attached letter be sent to Special Agent in Charge Grapp, calling his attention to the absolute need for most thorough and careful planning of operations such as described by him, which are recognized by him to be of a most sensitive nature.

Dear Mr. Hoover:

This is my first day back to work after attending In-Service, and I did not want the day to pass without extending to you sincere appreciation for the opportunity of being with you on September 24, 1963. You gave most generously of your time, which I know is at a premium because of your heavy work load.

The comments and observations you made were carefully noted and the appropriate action is forthcoming. It is always an inspiration to have the privilege of seeing you.

May I wish for you every good wish for the future, including good health, happiness and many more years as Director.

With warm personal regards.

MEMORANDUM FOR MR. TOLSON

On September 24, 1963, I saw Special Agent in Charge Wesley G. Grapp of the Miami Field Division who has served for some time as Assistant Special Agent in Charge and as Special Agent in Charge of various field offices.

Mr. Grapp makes a substantial personal appearance.

I called to his attention the fact that there was a substantial number of classes of cases far in excess of 7% delinquency.

I pointed out to him the fact that agents of the Miami Office in August closed only 9.4 cases per agent, which I considered to be low, and efforts should be made to increase this output.

I pointed out that in his office there had been a drop of 4% in convictions, 29% in fugitives located, and 13% in automobiles recovered in the first two months of the fiscal year. I stated this was a serious situation and he should give his personal attention to correcting the same.

I commended Mr. Grapp upon the fact that the agents in the Miami Office in August spent 11.3% of their time in the office, which was a drop from the previous month and was a healthy trend.

I stressed to Mr. Grapp the necessity for developing quality informants in all three areas of domestic intelligence, criminal intelligence, and civil rights.

I discussed with Mr. Grapp the conditions in the Dade County Sheriff's Office, the Broward County Sheriff's Office, and the Miami Beach Police Department, that he should be most circumspect in dealing with these law enforcement organizations in view of their attitude and reputation.

I commented upon the fact I noted the Miami Office was putting in 2 hours 26 minutes overtime in August and an effort should be made to reduce this to 2 hours.

REC-139

67-188613-344

Memorandum for Mr. Tolson

October 14, 1963

I pointed out to Mr. Grapp that his office had recruited only one Special Agent in 1963, although he had requested in August, 1962, 27 additional agents, 8 of which were granted, and in April, 1963, requested 20 additional agents, of which 10 were granted, and in July, 1963, requested 10 additional agents, which request was then under consideration. I told Mr. Grapp I did not understand how he could expect to have additional personnel assigned to his office when it was very evident from the record of his office that it had not been carrying its burden of recruiting new agents.

I stressed the imperative necessity of meticulously handling all matters affecting the racial situation. I stated our investigations must be thorough and objective; that while we no doubt will be criticized for any investigation, I want to be in a position to be able to deny any allegations made against us and that this could only be accomplished by careful supervision of the work and meticulous handling of investigations by the personnel assigned.

I pointed out to Mr. Grapp that there were 2 robberies, 1 burglary, and 5 larcenies unsolved in the Miami Division and that every effort should be made to bring about a solution to these cases.

I called Mr. Grapp's attention to the necessity for being fully prepared as the winter season approaches for handling jewel theft matters in his field division in view of the fact that some years ago the condition there was very critical because we did not have the proper coverage.

I stressed to Mr. Grapp the necessity of our being particularly attentive to the Cuban situation in his field division in view of the large number of refugees from Cuba who reside there and also in view of the necessity for coordination with other Government agencies having interests in the same matter.

I told him I also wanted him to give particular attention to the improvement of the criminal intelligence program in view of the hoodlums and racketeers who live or operate in his field division. I stated that Florida as a State had large numbers of such characters and that Miami had its share.

Very truly yours,

J. E. H.

Dear Mr. Grapp:

According to Bureau records the daily average overtime of the Miami Office for September was 2 hours and 30 minutes. This is an increase over the figure of 2 hours and 26 minutes in August. You should give this matter your personal attention and if at all possible achieve reduction in overtime performance in the office.

Dear Mr. Grapp:

A survey of the clerical recruitment program for Seat of Government reveals that during the month of November your office failed to meet its assigned quota. You should immediately assign sufficient agent personnel to work exclusively on clerical recruitment for Seat of Government so that our needs for the remainder of the fiscal year will be met. Comment specifically on steps taken to implement this instruction in your forthcoming report of December 29, 1963, concerning steps being taken to meet our existing needs.

You will be expected to comply fully with your responsibilities in connection with this vital program, and failure on the part of your office will not be tolerated and will result in severe administrative action.

Very truly yours,

INSPECTION - MIAMI OFFICE
INSPECTOR H. L. EDWARDS
11/14/63 - 12/4/63

SYNOPSIS

Officials: Wealey G. Grapp, SAC since 4/7/61; Harry J. Morgan, ASAC since 10/27/62.
Last Inspection: 8/20 - 31/62.

Physical Condition and Maintenance - Very Good. (Last Inspection - Good.) Present space well maintained but somewhat cramped. Only minor housekeeping delinquencies disclosed - ordered corrected. Construction of new building exclusively for FBI started with occupancy contemplated in March, 1964. Automobiles in good condition but headquarters has 40 cars of a total fleet of 107 four years old or older which should be replaced as new cars become available. 42 cars inspected, no delinquencies affecting safety. Security of Bureau automobiles satisfactory. Operating costs of 7.1¢ per mile - above Bureau average of 6.5¢ a mile and repair costs average or below. Number of cars adequate but not excessive.

Investigative Operations - Very Good. (Last Inspection - Very Good.) Active case load 2703 as of 11/30/63; imminent increase of several hundred likely with advent of winter season. Delinquency at time of inspection was 5.2%. Over-all delinquency at end of November 11.4%, attributable to expedite work on Presidential Assassination, 2 Bank Robberies and a major Jewel Robbery. SAC being instructed in letter to immediately reduce delinquency and maintain at a minimum. Office up in all 4 statistical categories first 4 months fiscal year, 1964. Bank Robbery Matter violations well handled with better than 50% solutions since last inspection. 3 substantive errors disclosed in review of 1,065 cases for a percentage of .28 (.29% field average), handled separately. Fugitive deadlines missed, 5.19% - above field average of 3.92%. Applicant deadlines missed, 5.68% - above field average of 4.98%. Cuban and other security matters, including Security Informant Program receiving above-average handling with noteworthy successes in "Foxtrot" (Top Cuban Intelligence Agent) case. Criminal Informant Program - Good. Weaknesses detected in administration and supervision of program ordered corrected. Instructed to afford special emphasis to development of informants in major criminal classifications and to see that all Agents with substantial assignments in criminal work are equitably contributing to program. Criminal Intelligence and Top Jewel Theft Matters well handled but greater intensification in gambling matters needed.

RECORDED
JUL 6 1978

Memo for Mr. Tolson
Re: Inspection - Miami Office

Inspection disclosed a below-average case load at the Key West Resident Agency which is staffed by 2 Agents. Case load expected to increase substantially; instructed to evaluate case load in 60 days to ascertain if 1 Resident Agent should be removed from Key West.

Administrative Operations - Very Good. (Last Inspection - Good.) Miami has 6 supervisory desks, all heavily assigned. Inspector ordered realignment to more evenly distribute overload on Desk No. 5 (Accounting and Applicant Matters) to ASAC's Desk and Desk No. 6. Assignment of night duty Agent on rotating basis recommended due to increasing major case and physical surveillance activities; to be re-evaluated after 90-day trial. Agent case load last 3 months 23.06, slightly below field average but substantial seasonal increase already apparent. Case closings last 3 months slightly below field average. Over-all form errors of 3.0% is below field average. Chief Clerk's Office operating efficiently but Inspector made some minor streamlining changes. Stenographic production of 4.08 pages per hour above field average of 3.42 pages per hour. Office has favorable record of economy in per diem and communications costs.

Personnel Matters - Very Good. (Last Inspection - Very Good.) No examination failures. Total personnel 219 (140 Agents and 79 clerical). Clerk-Agent ratio 66.4% (below field average). Present Agent and clerical complements fully justified. Based on predicted case load, increased surveillance activities, intensified demands in Top Jewel Theft cases, Top Hoodlum and Gambling Matters, SAC, Miami, requested 12 additional Agents. Inspector considers need justified and immediate in order to permit maximum attention to essential criminal matters (being handled separately). There are no overweight agents, one Agent on limited duty and one Agent who is unavailable - justified. Office satisfactorily participating in Suggestion, Commendation and Incentive Awards Programs. Morale high.

Contacts - Excellent. (Last Inspection - Good.) SAC has personally developed ☐ of ☐ SAC Contacts. SAC Contacts increased ☐ since last inspection. Miami has active program to insure participation in radio and television media. Press and other public relations excellent. Office has outstanding record in Speech Program and has been most active in distributing copies of Director's speeches and other printed hand-out material. (115,000 copies of Director's speeches in Spanish and English and 164,325 copies of other material distributed since last inspection. Miami has a good Police Training Program but ordered to intensify efforts to have more Command-Level Schools. All of numerous outsiders contacted by Inspector held Director, Bureau and Miami Office in high esteem.

Memorandum to Mr. Tolson
Re: Inspection - Miami Office

RECOMMENDATIONS:

1. SAC Wesley G. Grapp, GS-17 @ \$19,000, veteran, not on probation, 4th office as SAC. Presents excellent appearance; has personality adaptable to varied demands of SAC in large office; an aggressive, extremely strict but fair administrator; maintains excellent alertness to Bureau policy. Continue as SAC. If approved, attached letter summarizing inspection findings should be forwarded.

2. ASAC Harry J. Morgan, GS-14 @ \$14,120, veteran, not on probation, 2nd office as ASAC. He functions well as No. 1 Man, is hard worker, vigorous and aggressive. Morgan is extremely ambitious to become an SAC but Inspector feels he would profit from additional tempering experience as ASAC before heading an office. He is handling heavy responsibilities in excellent manner in his present assignment. Continue as ASAC.

3. Recommendations concerning other personnel being handled separately.

Memorandum to Mr. Tolson
Re: Inspection - Miami Office

DETAILS

PHYSICAL CONDITION AND MAINTENANCE VERY GOOD

Present space well maintained but somewhat cramped. A number of minor housekeeping delinquencies noted and ordered corrected. A new building which will exclusively house the FBI Office is under construction with occupancy contemplated in March, 1964. Automobiles in good condition but headquarters has 40 cars of a total fleet of 107 which are 4 years old or older and these should be replaced as new cars become available. No commercial storage space available for storage of resident agencies' automobiles. Instructed that surveys of resident agencies be conducted at least every 3 months in an effort to obtain commercial space for storage. Operating costs of automobiles are 7.1¢ per mile, above Bureau average of 6.5¢ per mile and instruction given to make every logical effort to keep costs at a minimum. Repair costs below average. 42 cars inspected, no delinquencies noted affecting safety. Security of automobiles considered satisfactory. Number of cars adequate but not excessive.

INVESTIGATIVE OPERATIONS VERY GOOD

Active case load 2703 as of 11/30/63; imminent increase of several hundred likely with advent of winter season. Delinquency at time of inspection was 5.2%. Over-all delinquency at end of November 11.4%, attributable to expedite work on Presidential Assassination, 2 Bank Robberies and a major Jewel Robbery. SAC being instructed in letter to immediately reduce delinquency and maintain at a minimum. Office up in all 4 statistical categories in first 4 months of fiscal year 1964. Bank Robbery Matter violations well handled with better than 80% violations since last inspection. 3 substantive errors disclosed. One error concerned inadequate investigation, the second error was delayed investigation, and the third was failure to maintain an interview log. Three substantive errors out of 1085 files reviewed give a percentage of .28 (.29% field average), handled separately. 12 fugitive deadlines missed in 9 cases (6 investigative; 6 reporting) out of 154 files reviewed for a 5.19 percentage of missed fugitive deadlines which is above the field average of 3.92%. 10 applicant deadlines missed out of 173 cases reviewed for a 5.68 percentage of missed applicant deadlines. This is above the field average of 4.98% of missed applicant deadlines. Cuban and other security matters, including Security Informant Program given above-average handling with noteworthy success in "Foxrot" (Top Cuban Intelligence Agent) case.

Criminal Informant Program rated good. Weaknesses detected include failure to complete properly informant contact forms, failure to place adequate evaluation on information obtained from informants, carrying nonproductive potential informants too long, lack of sufficient informants covering major criminal classifications, coordinator not under direct supervision of SAC, tendency to open

Memorandum to Mr. Tolson
Re: Inspection - Miami Office

informant files on persons more properly Sources of Information, number of Agents spending 50% or more of time on criminal work not contributing equitably to program. Weaknesses ordered corrected. Criminal Intelligence and Top Jewel Theft Matters well handled but greater intensification in gambling matters needed.

ADMINISTRATIVE OPERATIONS VERY GOOD

Miami has 6 supervisory desks, all of which are heavily assigned. Inspector suggested certain realignment of cases with respect to Supervisory Desk No. 5, which handles accounting and applicant matters. Suggested realignment will more evenly distribute work presently on Desk No. 5 to the ASAC's Desk and Desk No. 6. Assignment of night duty Agent on rotating basis recommended due to increasing major case and physical surveillance activities. While the Agent case load average for last 3 months of 22.06 cases is slightly below average, substantial seasonal increase is already apparent. Case closing average for last 3 months of 8.9 is slightly below field average. Chief Clerk's Office operating efficiently. Consideration given by Inspection Staff to application of rotary file system to Miami but considered not economically feasible at present time. Three unapproved forms utilized in Miami Division ordered discontinued. Procedures relating to mail cover records and stop notices records considered cumbersome and ordered discontinued. Inspection Staff recommended more full usage of Xerox equipment by Miami Office with specific instructions for use in indices searches. Inspection Staff suggested better method of numbering pages of FD-302s when prepared on multilith. Over-all form errors of 3.0% diseased in Miami Inspection - below the field average.

Stenographic production of 4.08 pages per hour is above field average of 3.42 pages per hour. Miami has a good record in achieving economy in that for first 4 months of fiscal year 1964 average Agent per diem is down 6.6% and average Agent communications costs are down 20.2%.

PERSONNEL MATTERS VERY GOOD

All available personnel passed examinations afforded by Inspector. Total personnel 219 (140 Agents, 79 clerical). Clerk-Agent ratio 56.4% which is below the field average. Present Agent and clerical complement fully justified. Based on predicted case load, increased surveillance activities, and intensified demands in Top Jewel Theft, Top Hoodlum and Gambling, SAC, Miami, states there is a need at the present time for 12 additional Agents. Immediate request for 12 additional Agents appears justified and is being handled separately. There are no overweight agents, 1 limited-duty Agent and 1 Agent unavailable in Miami Division. Limited duty and unavailability justified. Miami Division satisfactorily participating in Suggestions, Commendations and Incentive Awards Program. Morale of Miami Office is considered high. Miami is slightly below the Agent and clerical quotas set by the Bureau for their Bureau Applicant Recruiting Program. Instructed to continue to make every effort to meet Bureau quota.

Memorandum to Mr. Tolson
Re: Inspection - Miami Office

CONTACTS EXCELLENT

SAC has personally developed ☐ of the present ☐ SAC Contacts of the Miami Office. There has been an increase of ☐ SAC Contacts since the last inspection. Miami has active program to insure participation in radio and television media. Press and other public relations excellent. Office has done outstanding work in the field of speeches, having given 65 speeches during 1963. Office also very active in distributing copies of the Director's speeches and other printed hand-out material. 115,000 copies of Director's speeches in both Spanish and English have been distributed since the last inspection. 164,325 copies of other printed material since the last inspection. Numerous officials contacted by Inspector hold Director, Bureau and Miami Office in high esteem. There is active FBI National Academy program conducted by Miami Office. Police training program satisfactory but instructed to intensify Command-Level type schools.

PERSONAL ATTENTION

Mr. Wesley G. Grapp
Federal Bureau of Investigation
Miami, Florida

Dear Mr. Grapp:

I have reviewed the results of the recent inspection of the Miami Office. Based upon the findings of the Inspector, the operations of your office are being given the following ratings: Physical Condition and Maintenance, Investigative Operations, Administrative Operations, and Personnel Matters - Very Good; Contacts - Excellent.

Your headquarters city space was found to be well maintained but somewhat cramped. This condition should be alleviated by your anticipated move into new space during the early part of 1964. Your automobile operating costs are above the field average and must be reduced. You have, however, since the last inspection, reduced the average repair costs and this should be continued. With further reference to automobiles, you should closely follow the matter of replacing as many as possible of the automobiles four years old or older as new cars become available, it being noted that an unusually large number of your automobiles are in this older category. You should intensify efforts to obtain suitable commercial automobile storage space in the resident agencies and survey this matter every three months to make certain no possibilities are being overlooked.

I was pleased to note that the statistical accomplishments of the Miami Office are up in all four categories for the first four months of the present fiscal year. This is an encouraging trend which should be maintained throughout the fiscal year. It was particularly heartening to note that in these days of increased bank robberies you are achieving a better than 50 per cent solution of such cases. I noted, with some concern, that the Miami over-all delinquency at the end of November was 11.4 per cent which was more than double the 5.2 per cent delinquency at the end of October and considerably above the field average of 7.4 per cent. While it is realized that your office handled a number of expedite matters during the latter part of November, you must immediately take the necessary steps to reduce this delinquency and to maintain a lower delinquency. The Inspector discovered three substantive errors during the inspection, and although the number detected in file reviews was in line with the field average, the Bureau is quite concerned over the fact that these errors pertained to matters which

(See NOTE last page)

NOTES

Mr. Wesley G. Grapp

could have been prevented through more attentive supervision. The errors were: inadequate supervision, delayed investigation, and failure to maintain an interview log. Shortcomings of this type are inexcusable and it is expected that you will insure that all agents avoid these in the future. Every effort should be made to meet fugitive and applicant deadlines and to keep substantive and form errors to a minimum.

Your successes in the Security Informant Program and Cuban Intelligence Operations are commendable and you should continue the fine work being done in these vital areas. On the other hand, your Criminal Informant Program has numerous weaknesses which the Inspector has brought to your attention. You must take immediate steps to eliminate all weaknesses and to increase the number and quality of informants in major criminal classifications. I shall expect you to see that the coordinator of criminal informants affords these matters the attention they deserve. Also, you must insist that all Special Agents having substantial assignments in criminal cases equitably participate in developing informants; otherwise, you should submit recommendations for their replacement by personnel who are willing to share this essential work. While the Security Informant Program is rated as very good, the over-all rating for the Criminal Informant Program is good. Your criminal intelligence and top jewel theft cases have been well handled, but you should intensify your efforts in relation to gambling matter cases.

It was necessary for the Inspector to recommend realignment of work among certain of your supervisory desks. The primary responsibility for the continual evaluation of supervisory responsibilities rests with you and should be the subject of constant personal appraisal. The night-duty agent which you recommended on the Inspector's suggestion has been approved. You should carefully evaluate this matter in ninety days to ascertain if this should be continued.

It was noted that your agent case load and case closings have been slightly below average during the past three months. However, a substantial seasonal increase is already apparent. The case load at the Key West Resident Agency appears too low at the present time to justify the continuation of the assignment of two Resident Agents. Based upon the expected increase in case load, the Inspector deferred any recommendation concerning the reassignment of one of these agents for a period of sixty days to allow the case load to come up to the expected increase. You should carefully evaluate this matter in sixty days and advise the Bureau if the present assignment of two agents is necessary and justified.

Mr. Wesley G. Grapp

In view of the unusual seasonal fluctuation of case load characteristics of the Miami Division, you have a special responsibility for keeping close scrutiny on the changes in the agent and clerical work loads and for submitting recommendations for any increases or decreases warranted thereby.

The Chief Clerk's Office has been operating efficiently and your stenographic production is above the field average. All available personnel in the Miami Office passed the Inspector's examinations.

In connection with your request for twelve agents, it is being separately evaluated and you will be advised of any pertinent action taken by the Bureau on this matter.

Your public relations program is excellent and you should continue your efforts in this field.

You and the Assistant Special Agent in Charge must carefully study the inspection findings and inform the Bureau of the corrective action taken within thirty days of the receipt of this letter.

Sincerely yours,

John Edgar Hoover
Director

SAC William G. Simon, Los Angeles Office, has expressed a desire to retire effective 3/6/64 and it is necessary to replace him. It is recommended that SAC Wesley G. Grapp of the Miami Office be transferred to serve as SAC in the Los Angeles Office.

SAC Grapp entered on duty 11/4/46, is in Grade GS-17, \$19,000, 45 years old, married with four children, has a Bachelor of Laws Degree, and was born in Aberdeen, South Dakota. Grapp first commenced serving as an SAC in Richmond on 2/23/56. He subsequently served as SAC in the Buffalo and Oklahoma City Offices and has been assigned to Miami since 4/7/61. While serving as SAC in Miami he has been censured on three occasions, the latest on 1/25/63, and commended on 11 occasions, the latest on 2/3/64. He also has received two cash awards during this period, the latest of these on 4/19/63, in recognition of the Outstanding performance rating received by him on 3/31/63. He was last seen by the Director on 9/24/63 and the Director commented Grapp made a substantial personal appearance. The Miami Office was last inspected in November, 1963, and received the following ratings: Physical Condition and Maintenance, Investigative Operations, Administrative Operations, and Personnel Matters - all Very Good; Contacts - Excellent. The Inspector commented that Grapp made an outstanding personal appearance, was alert, a very firm but fair administrator and well suited for an office having the fast tempo and numerous special problems characteristic of Miami. As of 12/31/63 (the latest figures available) the Miami Office was up in two of the four statistical categories, namely, +13% in fugitives apprehended and +6% in automobiles recovered. It was down 2% in convictions and down 70% in fines, savings and recoveries. As of that same date the Miami Office had 3,052 investigative matters pending with 154 Agents assigned while the Los Angeles Office had 6,936 investigative matters pending with 282 Agents assigned. Grapp's weight and overtime are satisfactory.

Mr. Wesley G. Grapp
Federal Bureau of Investigation
Miami, Florida

Dear **Mr. Grapp**:

Your headquarters are changed from **Miami, Florida,** to **Los Angeles, California, as Special Agent in Charge** effective upon your arrival there on or after this date. This change is made for official reasons and you will be allowed transportation expenses and per diem at the rate of \$16.00 per day within the U. S., \$6.00 per day for air travel, rail travel, and ocean travel by steamship outside the continental limits of the U.S., transportation expenses for your immediate family, and transportation cost of household goods and personal effects as provided for in Public Law 600 dated August 2, 1946, and Executive Order 9805, dated November 25, 1946, as amended. You are authorized to use your privately owned automobile and you will be reimbursed at the rate of ten cents per mile plus incidental expenses, not to exceed the cost by common carrier over the most direct route for all persons officially traveling therein. Should your dependents travel separate and apart from you, expenses will be allowed under the same conditions as above. **Expedite transfer and advise within 48 hours departure and arrival dates.**

Very truly yours,

John Edgar Hoover
 Director

Dear Mr. Hoover:

May I take this means of again expressing appreciation to you for giving so freely of your time last Monday afternoon. The conference was most inspirational, informative, and you may rest assured your instructions and observations will be followed.

As you indicated, the new assignment will be a real challenge. I intend to do all in my power to handle such an assignment in a manner that is pleasing to you.

Again, many thanks.

With warm personal regards.

Sincerely,

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by Check - Money Order) the sum of \$10, payable to S.A.I.F., to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur.

March 6, 1964

MEMORANDUM FOR MR. TOLSON

On February 17, 1964, I saw Special Agent in Charge Wesley G. Grapp of the Miami Office, who was under orders of transfer to Los Angeles as Special Agent in Charge to replace Mr. William G. Simon, who is retiring. Mr. Grapp makes an excellent personal appearance and seems to be enthusiastic about his promotion to the position of Special Agent in Charge at Los Angeles.

I pointed out to him that while at Miami he had had 152 Agents and 75 clerks, he would have at Los Angeles 282 Agents and 188 clerks.

I called Mr. Grapp's attention to the fact that I was quite concerned about the office delinquency in Los Angeles in that as of the close of December there was a delinquency of 14.5% and there were approximately two dozen classes of cases in which the delinquency exceeded 7%. I stated that prompt steps should be taken to correct this condition.

I stated I noted the Agents in the Los Angeles Office were closing 11.9 cases per Agent in January, 1964, and I believed that this was low and that he should make efforts to increase the production per Agent.

I commented favorably upon the fact that the Los Angeles Office had increased accomplishments in the four major items during the first seven months of the current fiscal year when compared with a similar period of the previous fiscal year.

I stated I noticed the Agents in the Los Angeles Office had spent 30.9% of their time in the office in January and I considered this to be grossly excessive and he should take steps to see that it is reduced.

I stressed to Mr. Grapp the necessity for developing quality informants in all three areas of domestic intelligence, criminal intelligence, and civil rights.

I discussed with Mr. Grapp some of the problems we have had with law enforcement officers in California, namely Chief of Police Clinton P.

Memorandum for Mr. Tolson

March 6, 1964

Anderson of Beverly Hills, California; Chief of Police William H. Parker of the Los Angeles Police Department; Chief of Police Edward J. Allen of the Santa Ana Police Department; Chief of Police J. A. Bennett of the Riverside, California, Police Department; Chief of Police Robert Morton of Cabazon, California; and Chief of Police Rex R. Andrew of the Burbank Police Department.

I told Mr. Grapp that as regards our relationship with the rest of the law enforcement officials in California, they had appeared to be excellent and I wanted this relationship to continue but I did stress the imperative necessity of being most circumspect in any dealings with Chief of Police Parker of the Los Angeles Police Department in view of Parker's recent actions in the Sinatra Case.

I told Mr. Grapp that I noted the Agents in the Los Angeles Office in the month of January averaged two hours and forty-four minutes per day overtime, and I would like to have the overtime kept to two hours if possible.

I told Mr. Grapp I noted the Los Angeles Office had recruited only four New Agents since July, 1963, and vigorous steps should be taken to intensify this effort to recruit new Agent personnel

I discussed at length with Mr. Grapp the intensification of the Criminal Intelligence Program in view of the activities in Los Angeles of illegal gambling, prostitution, narcotics, Shylocking, and pornography as well as the activities of some of the top hoodlums of the country who visit that area from time to time.

I discussed with Mr. Grapp generally our work and activities in the Sinatra Case in view of the fact he will no doubt take over the Agent in Charge position before the Sinatra Case is completely disposed of.

I mentioned to Mr. Grapp the fact that I noted there were 138 unsolved violations of the Federal Bank Robbery Statute in the Los Angeles Field Division, and this was a grossly excessive number of unsolved cases to which he should give his prompt attention.

Memorandum for Mr. Tolson

March 6, 1964

I mentioned to Mr. Grapp the necessity for maintaining good personal contacts with the prominent citizens of Los Angeles as Mr. Simon had performed an outstanding accomplishment in this area.

I mentioned particularly Mr. James Ellsworth, former Special Agent of the Bureau and now Senior Vice President of the United California Bank; Mr. Emmett C. McGaughey, Senior Vice President of Hixon and Jorgensen, Inc., and also a former Special Agent of the Bureau; Mr. Walt Disney of the Walt Disney Production Company; Mr. Y. Frank Freeman of the Paramount Picture Corporation; [redacted] who is living at [redacted] and who has been a particularly excellent contact of the Bureau; Mr. George R. Hearst, Jr., Editor and Publisher of the Los Angeles Herald Examiner; Mr. Mervyn LeRoy, one of the leading producers in Hollywood; [redacted] [redacted] of the Carnation Company; [redacted] of the Dodgers Baseball Team; Sheriff Peter Pitchess, Sheriff of Los Angeles County; and Norman Chandler, Chairman of the Los Angeles Times.

The Director instructed that SAC W. G. Grapp of Miami come, in for conferences at the Seat of Government prior to his proceeding on transfer to take over as SAC in the Los Angeles Office. SAC Grapp has advised that he plans on coming in for these conferences on 2-17-64.

Legal Attache H. D. Grush of Bern, Assistant Legal Attache [redacted] of Mexico City and SAC B. C. Brown of Detroit are already scheduled to come in to the Seat of Government on this same date. Accordingly, it is felt that we should cancel the conferences of SAC B. C. Brown and reschedule his conferences for 3-30-64. We have checked and there are no conflicts known at this time which would interfere with SAC Brown's coming in on the latter date. Similarly, a check has been made with General Investigative, Special Investigative, Inspection, Training and Domestic Intelligence Divisions and there are no reasons known to these divisions why Grush and [redacted] should not come in on 2-17-64. If approved, the following will be the conference schedule for Monday, 2-17-64, and the attached radiogram to SAC B. C. Brown will go forward.

Dear Mr. Grapp:

I wish to commend, through you, the personnel in the Los Angeles Division who handled their responsibilities in such a fine fashion relative to an operation of considerable value to the Bureau in the security field.

The excellent results achieved in this very delicate undertaking can be largely attributed to the diligent, thorough and alert manner in which they carried out their individual duties. Please express my appreciation to each man.

My dear Commissioner:

The kind comments expressed in your letter of March 9, 1961, concerning the excellent relations which exist between the FBI and the Bahamas Police Force are indeed appreciated. Your favorable remarks about Mr. Grapp's cooperation while assigned to our Miami Office are most gratifying. I shall make them known to him and I am sure he will be most pleased to receive them.

Mr. Frohbose will be in touch with you to make suitable arrangements for a conference on our mutual problems.

It is always a pleasure to offer our assistance on matters of common interest.

3rd March, 1964

Dear Mr. Hoover,

I have been informed that Mr. Wesley G. Grapp, the Special Agent in Charge of your Miami office has now been transferred and has been succeeded by Mr. F. A. Frohbose.

I would like you to know that the excellent co-operation and the friendly relations which exist between the F.B.I. and the Bahamas Police Force are due in no small measure to Mr. Grapp himself who at all times gave us every kind of assistance. The good relations fostered by Mr. Grapp were invaluable to our mutual effort in law enforcement and nothing was ever too much trouble for him.

I would like to extend to Mr. Grapp my best wishes in his new appointment and at the same time welcome Mr. Frohbose with whom I feel sure that we shall maintain this same spirit of mutual help and co-operation.

There are a number of common problems which need to be discussed, particularly the problem of the United States citizens now employed or to be employed at the new Lucayan Beach Hotel Casino at Freeport, Grand Bahama. I have, therefore, written to Mr. Frohbose asking him whether he could spare the time to visit Nassau as my guest so that I can have the benefit of his advice on this particular issue, and at the same time he will have the opportunity of meeting the other officers who are in frequent contact with the Bureau in their particular fields of law enforcement.

With best wishes.

Yours sincerely

SAC Grapp, while calling the Bureau on other matters, told me that he received a telephonic invitation from the secretary of Walter Winchell last evening to have dinner with Walter Winchell at the Coconut Grove in the Ambassador on Thursday night, March 19, 1964. Grapp said as far as he knows a group of people will be in attendance and unless the Bureau has some objection he will attend this dinner since he has never met Walter Winchell in the past.

I told SAC Grapp that unless he was advised to the contrary there would be no objection to his accepting this invitation.

Dear Mr. Grapp:

Bureau records disclose that the daily average overtime of the Los Angeles Office for March, 1964, was 2 hours and 30 minutes. While this is a decrease from the figure for February, still further reduction should be achieved if at all possible. This matter should continue to receive your close personal attention.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by Check - Money Order) the sum of \$10, payable to S.A.I.F., to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur.

Memorandum

TO : SAC, Albuquerque

DATE: July 14, 1964

FROM : ✓ Director, FBI

PERSONAL ATTENTION

SUBJECT: ACCOMPLISHMENTS 1964

The excellent record of the Albuquerque Office and the other offices receiving copies of this letter during the Fiscal Year 1964 is most gratifying. It shows a continuing effort on the part of each office to effectively discharge its responsibilities.

We are now in the first month of Fiscal Year 1965. Many demands are being made on the Bureau, and it is incumbent upon you to insure that all steps necessary are taken to retain the favorable position you have achieved during the past fiscal year and, in fact, to surpass prior records. Steps are to be immediately instituted to insure that all cases within our jurisdiction are promptly referred to your office for investigation, that these matters receive immediate continuing attention, and are closely followed until they are brought to a logical conclusion.

Accomplishment figures for fiscal year 1964, in the criminal field reflected that the Bureau's accomplishments in convictions, fines, savings, and recoveries, fugitives apprehended, and automobiles recovered in cases investigated by the FBI show an increase over fiscal year 1963. An all-time high was obtained in fines, savings, and recoveries and in the automobiles recovered categories.

There were 12,921 convictions recorded in Bureau cases during the fiscal year 1964, as compared with 12,816 recorded in the fiscal year 1963, an increase of 1 per cent. During the fiscal year 1964, 19,856 automobiles were recovered in cases investigated by the FBI as compared with 19,192 recovered in 1963, an increase of 3 per cent. Fines, savings, and recoveries totaled \$210,771,402 which represents an 13 per cent increase over the fiscal year 1963 when fines, savings, and recoveries totaled \$186,225,348. We located 12,810 fugitives, an 8 per cent increase over the fiscal year 1963, when 11,887 fugitives were located.

From a conviction standpoint, all-time highs were recorded in the Crime on Government Reservation, bank robbery, and Federal Reserve Act classifications.

Twenty-six field offices equaled or improved their standing in all four categories in fiscal year 1964.

In addition, we handled 1,124,397 name checks and special memoranda in fiscal year 1964.

Memorandum to Mr. Belmont

RE: ACCOMPLISHMENTS, FISCAL YEAR 1964

Although in the past we have sent individual letters to the SACS concerning the accomplishments of their offices, in view of the many demands being made at this time and in order to streamline our operations it is felt the same purpose would be served by sending one letter to all offices that equaled or surpassed last year's accomplishments in all categories and one letter to all offices that showed a decline in one or more categories. A copy will be placed in the Seat of Government (SOG) file for each office and the personnel file for each SAC.

RECOMMENDATIONS

1. That a letter be sent to the personal attention of the SACS in the 26 offices that equaled or showed an increase in all four categories pointing out the excellent job performed by the office and reiterating the necessity of continually striving to improve and surpass its previous record. A copy will be placed in the SOG file for each office and the personnel file for each SAC. A letter is attached for approval. (sent 7/15/64 to file) *RB*

2. That a letter be forwarded to the personal attention of the SACS in the offices showing a decline in one or more categories pointing out the necessity of making every effort to effect an immediate improvement and to show a record that will reflect favorably on the work of the office. A copy will be placed in the SOG file for each office and the personnel file for each SAC. A letter is attached for approval. (sent 7/15/64 to file) *RB*

Dear Mr. Grapp:

I want to convey my sincere appreciation to you and, through you, to the personnel in the Los Angeles Division who voluntarily have contributed to the assistance afforded Special Agent Charles M. Page and his family subsequent to his daughter's accident.

Not only have you been most generous in offering financial aid to the Page family, but also many of you have devoted your personal time in order to be of help during this difficult period. Your actions are a shining example of the concern for others and esprit de corps which prevail throughout the Bureau and are deeply appreciated by the Pages.

Purpose of this memorandum is to recommend that SAC Wesley G. Grapp of the Los Angeles Office be promoted from Grade GS-17 to Grade GS-18.

SAC Grapp entered on duty 11/4/46, is in Grade GS-17, \$22,945, 45 years old, married with four children, has a Bachelor of Laws Degree, and was born in Aberdeen, South Dakota. Grapp has served in five offices as Special Agent in Charge, first commencing to serve as Special Agent in Charge in February, 1956. He has been assigned as Special Agent in Charge of the Los Angeles Office since 3/1/64. Grapp was last censured on 1/25/63. He has been commended on seven occasions since that date, the latest on 2/3/64. He was rated Outstanding in his annual performance rating dated 3/31/63 and rated Excellent in his annual performance rating dated 3/31/64. The Los Angeles Office has not been inspected since Grapp has been there as Special Agent in Charge. The Miami Office was inspected in November and December, 1963 when Grapp was serving there as Special Agent in Charge and was rated as follows: Physical Condition and Maintenance, Investigative Operations, Administrative Operations, and Personnel Matters - all Very Good; Contacts - Excellent. The Inspector commented at that time that Grapp made an outstanding personal appearance, was alert, a very firm but fair administrator and well suited for an office having a fast tempo. Grapp was last seen by the Director on 2/17/64 and the Director commented Grapp made an excellent personal appearance and seemed enthusiastic about his promotion to the position of Special Agent in Charge at Los Angeles. As of 7/31/64 the Los Angeles Office had 284 Agents assigned with 6808 investigative matters pending. As of that same date the Los Angeles Office was up in three of the four statistical categories, namely, +41% in convictions, +15% in fugitives apprehended, and +34% in automobiles recovered. It was down 79% in fines, savings and recoveries. Grapp received his promotion to Grade GS-17 on 4/3/61 and, hence, is eligible to be considered for promotion to Grade GS-18 at this time. Grapp's weight and overtime are satisfactory.

RECOMMENDATION: That SAC Wesley G. Grapp of the Los Angeles Office be promoted from Grade GS-17 to Grade GS-18.

PERSONAL

Mr. J. Edgar Hoover
 Director
 Federal Bureau of Investigation
 Washington, D. C.

Dear Mr. Hoover:

I have just received the wonderful news concerning my reallocation to pay grade GS-18. I was surprised and, needless to say, immensely happy.

The increase in salary, from a monetary standpoint, means much to me, but this expression of confidence on your part means even more.

You have my assurance that I will do everything possible to operate the Los Angeles Division in a manner that is pleasing to you.

With warm personal regards.

Sincerely,

Wesley G. Grapp

Dear Mr. Grapp:

It is noted that the daily average overtime of your office for August was 2 hours and 30 minutes. This is an increase over the previous month. You should personally follow this matter and exert every effort to reduce this figure, consistent with the proper handling of official responsibilities.

Sincerely yours,

J. Edgar Hoover

POLICE ASSOCIATION

SUBJECT:

CALIFORNIA PEACE OFFICERS
ASSOCIATION
EXECUTIVE COMMITTEE

b6

SAC Grapp, Los Angeles, advises that

b7D

[redacted] has, on a confidential basis, offered to appoint him to the Executive Committee of the CPOA when the next opening occurs. SAC Grapp points out that no SAC has served on the Executive Committee in recent years; if an SAC is invited to attend a meeting of that Committee he is there solely as an observer; at present the Executive Committee meets about four times each year two of which meetings are held during CPOA's mid-winter and annual conferences which SACs attend; the appointment to this Committee is for a three-year term, with the understanding that members will attend all meetings.

SAC advises that CPOA is the second largest law enforcement organization in the United States, with a membership of over 7,500, and he feels that having an SAC serve on the Executive Committee would be in our best interests as this would enable us to have a voting voice in, and firsthand knowledge of, activities of CPOA.

The California SACs presently serve on key committees of CPOA; also, the police training co-ordinators of the three California offices serve on various sub-committees of CPOA which are vitally important to police training. The California offices are very active in police training in California, participating in a great number of police schools each year. In view of the importance of CPOA, it appears that our being represented on the Executive Committee would serve our best interests.

Dear Mr. Grapp:

It is noted that Time Spent in Office by Agents (TIO) in the Los Angeles Office for August was 29.7%. This is an increase from the figure of 28.3% in July. This matter should be closely followed by you and every effort should be made to achieve a reduction in the amount of time being spent in the office by agents of your division.

Sincerely yours,

J. Edgar Hoover

OF THE STATE OF CALIFORNIA
COMMITTEE APPOINTMENTS*Wesley G. Grapp**ph*
[redacted] contacted me on a confidential basis and offered to appoint me to the Executive Committee when the next opening occurs. *CAL.F.*

As the Bureau knows, this is the second largest law enforcement organization in the United States, with a membership in excess of 7,500, representing over 28,000 police officers. No SAC has served on the Executive Committee in recent years and at present if an SAC is invited to attend an Executive Committee meeting he is there solely as an observer.

At the present time the Executive Committee meets approximately four times a year and two of these meetings are held during the Association's mid-winter and annual conferences at which conferences the Los Angeles SAC is in attendance. The appointment to this select Committee is made for a three-year term and on the basis that members will attend all meetings; however, it is recognized on rare and infrequent occasions it will be necessary to miss a meeting. The other two meetings of one day duration each are normally held in the Los Angeles or San Francisco Divisions. *6*

By serving on this important Committee it will permit the FBI to be represented by a voting voice, it will allow us to have first-hand knowledge of any proposed action, we will be immediately aware of the Committee's recommended policy and procedures in all matters, we will be in a position to exert greater influence, and directly and indirectly the Bureau's interests can be protected. *u*

Dear Mr. Grapp:

A careful review has been made of the recent inspection of the Los Angeles Office and the various operations have been rated as follows: Physical Condition and Maintenance and Contacts - Excellent; Investigative Operations and Personnel Matters - Very Good; Administrative Operations - Fair.

Your headquarters city space was found to be secure and adequate for current needs. You must insure that each employee accepts individual responsibility for proper maintenance so that the minor delinquencies found by the Inspector can be eliminated in the future.

The Inspector found no delinquencies affecting the safe operation of Bureau automobiles assigned to the Los Angeles Division and the number of automobiles was considered by him to be adequate. It is noteworthy that your Bureau automobile repair and operating costs are below the field average.

Your favorable accomplishments in three categories for the first four months of fiscal year 1935 are offset somewhat by your eighty-one per cent decrease in fines, savings and recoveries for the same period. You should follow through on the suggestions furnished you by the Inspector for improving your over-all accomplishments. The individual accomplishments of each Agent must be constantly analyzed to make certain all who are engaged in investigating criminal activities are making appropriate contributions to the office statistical record.

Mr. Wesley G. Grapp

The eight substantive errors detected pinpoint the need for closer attention to detail by all employees. Remind all investigative personnel of the fact that each is responsible for the direction of his assigned cases and will be expected to effectively discharge this responsibility.

I am aware of the acute problem created by the sheer volume of bank robberies in your division. The solution of over 300 bank robbery violations since the last inspection represents very fine performance on the part of Los Angeles personnel. I am certain that all Agents working bank robbery matters will extend every effort to resolve the large number of pending unsolved bank robbery matters as well as to keep abreast of the current violations. As you are aware, only by a sustained, aggressive, exhaustive and imaginative approach can we hope to achieve the desired results in this critical phase of the Bureau's operations.

Your Criminal Informant Program was rated good and your Security Informant Program was rated very good. Although the increase in the number of criminal informants since the last inspection is encouraging, the quality of your informant coverage in statistic-producing categories definitely needs improvement. You must also insist that all Agents working criminal matters fully participate and actively contribute to the informant program. Although there has been little racial strife in your division in the recent past, you should immediately bring about the development of additional sources who will be able to keep you informed in advance of all information of pertinence.

Your successful penetration of La Cosa Nostra is a commendable accomplishment. You should strive to expand your coverage even more in this highly urgent phase of the Bureau's operations. Until you develop prosecutable violations under this program, however, one of the primary objectives has not been achieved. I want you to afford this your close and continuing attention to insure the fullest exploitation of this program.

Your investigations of security and espionage matters have produced material of importance; however, additional emphasis needs to be placed on obtaining current photographs of a large number of persons on your Security Index. Your missed applicant deadlines and missed fugitive deadlines were below the field average and show these matters are receiving prompt attention.

While your per diem costs for fiscal year 1964 were below the Bureau base figures, your travel costs and your communications costs were above these figures. Although the excesses noted were attributed to major

Mr. Wesley C. Grapp

Investigative commitments, you must stress economy in all facets of your operations. The number of form errors detected during the inspection was above the field average and you are instructed to bring about the desired reduction.

Your Chief Clerk's Office was found to be well organized and generally operating efficiently. Your stenographic pool was also found to be operating in a generally satisfactory manner; however, the below-field-average production of the stenographers and the high number of pages requiring retyping call for added attention, including intensified training to produce the needed improvement.

On a number of occasions your attention has been directed to the fact that Los Angeles Agents are spending a high amount of their time in the office. You and your supervisory staff must give this matter personal attention and must take whatever steps are necessary to reduce this time in the office. I expect to see an immediate improvement in this situation.

Your requests for another supervisory desk, additional Agent personnel and the filling of existing clerical vacancies are receiving careful consideration and you will be advised separately of the Bureau's findings.

The results you have obtained in your dealings with the public and your approach to this situation through radio and television appearances, speeches and contacts with other news media attest to your acumen in this field. If the FBI is to continue to receive the full cooperation of our responsible citizens, these individuals must be cognizant of our responsibilities and accomplishments.

The situations detected during the inspection involving an Agent who was repeatedly in violation of specific Bureau regulations regarding record keeping, use and storage of a Bureau car and work deficiencies, as well as repeated instances of failure by an Agent to promptly answer correspondence from prospective applicants are adverse reflections on the administration of the Los Angeles Office. I will not tolerate other than full utilization and productivity of existing manpower and the prompt acknowledgment of correspondence from prospective applicants has long been the policy of this Bureau. Your supervisory staff was certainly derelict in not uncovering these weaknesses. You should immediately take appropriate steps to tighten your supervisory operations and you are being censured for your failure to have established sufficiently penetrative controls to have detected these situations. I am holding you personally responsible for continuing close supervision of all police instructors in your division.

Mr. Wesley G. Grapp

Your control file containing copies of memoranda relating to cases closed upon the authority of the Special Agent in Charge should be purged of such memoranda dated prior to October 14, 1964, the beginning date of the inspection.

You and the Assistant Special Agent in Charge must carefully study the inspection findings and within thirty days of receipt of this letter inform the Bureau of the corrective action taken.

Very truly yours,

John Edgar Hoover
Director

INSPECTION - LOS ANGELES OFFICE
INSPECTOR FRANK V. HITT
OCTOBER 14 - NOVEMBER 7, 1964

SYNOPSIS

Officials: Wesley G. Grapp, SAC since 3/2/64; William G. Simon (retired), SAC 3/9/60 until 3/2/64; [redacted] ASAC since 1/14/62. Last inspection: 3/15 - 4/5/63. b6 b7C

Physical Condition and Maintenance - Excellent (Last Inspection - Very Good). Office conveniently located in downtown, federally owned building. Space and furnishings adequate, secure and well maintained. All Resident Agencies have adequate and secure space. Minor housekeeping delinquencies in headquarters city and Resident Agencies ordered corrected. No safety defects found in 92 cars inspected; repair and operating costs below field averages. Continued economy of car operations stressed. Fleet adequate and securely maintained.

Investigative Operations - Very Good (Last Inspection - Very Good). Case load 10/31/64, 7476 pending investigative matters (6,799 active), delinquency of 8.5% (5.3% field average). Delinquency above field average in each of last 12 months. Statistical accomplishments for fiscal year 1964 up in all 4 categories. Accomplishments for first 4 months fiscal year 1965 up 3 categories (+12% convictions; +11% fugitives; +15% autos recovered) and down 81% in fines, savings and recoveries. Instructions for improvement left with SAC. Missed fugitive and applicant deadlines below over-all field average. 8 substantive errors detected for percentage of 0.27% (field average 0.34%) (administrative action handled separately). 320 of 490 bank robbery matter violations since last inspection solved (includes 287 of 415 robberies, 5 of 30 burglaries, 28 of 45 larcenies). Vigorous investigative effort ordered on all pending unsolved violations including 10 which occurred prior to last inspection. Criminal Informant Program rated good. Improvement noted in number of informants - information of value being received; however, quality of coverage in statistic-producing categories needs improvement. Instructions for greater Agent participation left with SAC. Criminal Intelligence Program active and beneficial information being obtained. SAC instructed to concentrate on obtaining prosecution of top-level hoodlums. Penetration of La Cosa Nostra effected with live informants and microphone coverage. Racial situation relatively quiescent - additional sources needed to alert office to potential demonstrations and activities - improvement ordered. Positive results being obtained from security and espionage investigations. Office has number of old photographs in Security Index - SAC instructed to obtain current ones. Security Informant Program rated very good.

Memorandum to Mr. Tolson
Re: Inspection - Los Angeles Office

Administrative Operations - Fair (Last Inspection - Very Good). Los Angeles is 14-desk office - work equitably distributed. As of 10/31/64, active pending matters per Agent 25.7 (field average 24.3; case closings per Agent 11.3 (field average 12.2) TIO for past year well above offices of similar size. Instructions for improvement issued. Form errors above field average. For fiscal year 1964 travel and communications costs exceeded Bureau's base figures while per diem costs below base - economy stressed. Chief Clerk's Office well organized and functioning efficiently. Streamlining procedures suggested to further improve operations. Below-average stenographic production and high number of pages requiring retyping show need for improvement in steno pool - corrective suggestions left with SAC. One outgoing trunk line in headquarters city and 4 unlisted telephones in Resident Agencies found excessive and ordered removed - office instructed to conduct further survey to determine if additional cut can be accomplished. Sustained work and administrative deficiencies by one Agent (administrative action handled separately) and 7 instances of delay by another Agent in acknowledging correspondence from prospective applicants (administrative action handled separately) are weaknesses which show need for over-all tightening up by supervisory staff - corrective action implemented during inspection. SAC's request for additional supervisor to permit closer supervision of extremely large number of bank robbery violations occurring and to help correct administrative weaknesses detected is justified - handled separately.

Personnel Matters - Very Good (Last Inspection - Very Good). As of 10/15/64 office complement was 282 Agents and 191 clerks for ratio of 68% (field average 64%). Office requested 32 additional Agents and 9 clerical employees (to fill existing vacancies) to handle increased work load (requests being handled separately). Inspector feels 16 additional Agents and requested number of clerical replacements justified at this time. No Agents overweight but 3 on limited duty and 3 unavailable for transfer - all justified (handled separately). Voluntary overtime considered essential and productive. 9 Agent applicants recruited since January, 1964 - instructions left with SAC to take vigorous steps to insure Bureau meets existing needs. b7E

Contacts - Excellent (Last Inspection - Excellent). ☐ SAC contacts ☐ at last inspection) all known by SAC and ☐ developed by him. Contacts are diversified and furnish beneficial services. Office made 198 public appearances during first 8 months of 1964 (at this rate will exceed 1963). Former and present SAC handled 41 speeches, 48 radio and 6 television appearances. ASAC made 29 speeches, 1 radio and 1 television appearances. Speech program effective with good geographical coverage before a wide variety of representative groups. Press relations generally favorable and liaison programs effective. Police training active and effective and during 1964 a number of police agencies and organizations passed resolutions endorsing the Director and commending him for outstanding service. Persons met hold Director, FBI and Los Angeles Office in high esteem.

RECOMMENDATIONS

1. SAC Wesley G. Grapp, GS-18 @ \$24,500, 5th office as SAC, veteran, not on probation. Grapp has the appearance of an executive, makes a very favorable

Memorandum to Mr. Tolson
Re: Inspection - Los Angeles Office

initial impression and is an effective speaker. He exercises leadership and affords personal supervision to important matters in his division. He appears to be taking hold well in Los Angeles (largest office in which he has been SAC) although deficiencies detected by Inspector indicate need for over-all tightening up by supervisory staff. Grapp is considered capable of continuing as SAC at Los Angeles. Attached letter summarizing results of inspection also censures Grapp for failure to have sufficiently penetrative supervisory controls to have detected situation of an Agent not complying with existing regulations regarding execution of official registers, use and storage of Bureau car and engaging in unauthorized activities. Attached letter should be forwarded to SAC, Los Angeles upon approval.

2. ASAC [redacted], GS-15 @ \$18,170, nonveteran, ASAC at Los Angeles since 1/14/62, his second office as ASAC. [redacted] makes substantial appearance, is pleasant, sincere and conscientious. He has a quiet manner but exerts aggressiveness commensurate with requirements of any situation. [redacted] being censured along with SAC (handled separately) for failure to detect same situation for which SAC censured; [redacted] has coordination responsibility for criminal squad to which Agent was assigned. SAC feels [redacted] presently capable of assuming greater administrative responsibilities and Inspector concurs.

Re: Inspection - Los Angeles Office

DETAILS

PHYSICAL CONDITION AND MAINTENANCE EXCELLENT

Los Angeles office located in downtown area, occupying entire 2-story and full basement federally owned building. Space and furnishings adequate, secure and well maintained. Four Resident Agencies (Barstow, Indio, Palm Springs and Visalia) obtained approved space since last inspection (3/63). All 21 Resident Agencies now have adequate and secure space. Minor housekeeping delinquencies detected at headquarters city and in Resident Agencies ordered corrected. No safety defects detected in 92 of 172 cars assigned. Automotive fleet securely maintained. Six Resident Agencies do not have commercial garage facilities for storage of Bureau cars; instructed to be continuously alert to locate suitable space. For fiscal 1964, automobile repair costs per mile were \$.012 (field average \$.013); repair costs per car averaged \$144.00 (field average \$152.00); operating costs per mile were \$.057 (field average \$.064). Utilization survey showed present fleet adequate. Continued economy of car operations stressed.

INVESTIGATIVE OPERATIONS VERY GOOD

Case load as of 10/31/64, 7476 pending matters (6799 active). October delinquency 8.5% (field delinquency 5.3%). Delinquency above field average in each of last 12 months. Statistical accomplishments for fiscal year 1964 up in 4 categories (+26% convictions; +9% fines, savings and recoveries; +14% fugitives; +8% in autos recovered). For first 4 months of fiscal year 1965, up in 3 of 4 categories (+12% convictions; +11% fugitives; +15% automobiles recovered); and down 81% in fines, savings and recoveries. Instructions for improvement left with SAC. Fugitive deadlines missed 4.38% - below field average (4.40%), applicant deadlines missed 2.56% - below field average (4.70%).

Eight substantive errors detected in 2,946 files reviewed (0.27%) which is below field average of 0.34% (administrative action handled separately). Errors included: two instances of delayed investigation; two instances of improper execution of statements taken under oath; furnishing of wrong description of fugitive to auxiliary offices; improperly classifying report containing security information; inaccurate reporting and delayed investigation; and failure to index suspect.

Los Angeles currently origin in 149 pending unsolved bank robbery matter violations (126 robberies, 16 burglaries and 7 larcenies). 320 of 490 bank robbery matter violations received since last inspection solved (includes 287 of 415 robberies, 5 of 30 burglaries, and 28 of 45 larcenies). Vigorous investigative effort ordered on all pending unsolved violations, including 10 which occurred prior to last inspection.

Criminal Informant Program rated good. Informants increased since last inspection from 97 to 135 while potential criminal informants decreased from 501 to

Memorandum to Mr. Tolson
Re: Inspection - Los Angeles Office

469. Information of value being received from program. Instructions for improving program by expanding coverage in statistic-producing classifications and insuring greater over-all Agent participation left with SAC. Criminal Intelligence Program is active, beneficial information being gathered, penetration of La Cosa Nostra effected with live informants and microphone coverage and informant coverage expanding. SAC instructed to concentrate on obtaining prosecutions of top-level hoodlums. Racial situation is relatively quiescent, but additional sources are needed to alert office in advance of any demonstrations or activities of interest - SAC instructed to improve.

American Nazi Party only hate group known to be active in area; needs additional coverage. Instructions left with SAC to increase. Investigations of security and espionage matters are obtaining valuable and positive results. Communist Party and Socialist Workers Party both currently active and placing their emphasis on youth activities. Los Angeles Division has 1,581 security index subjects, with Communist Party membership estimated at 616 and Socialist Workers Party membership of 95. A large number of photographs in the security index are old and should be replaced - SAC instructed to obtain current ones. Security Informant Program rated very good. Office has ☐ security informants (decrease of ☐ since last inspection) including ☐ Communist Party members (☐ of these are officers) and ☐ are members of Socialist Workers Party one of which reports information on a national level. Although number of informants decreased over-all, coverage remains very good. b7E

ADMINISTRATIVE OPERATIONS FAIR

Los Angeles is 14-desk office, work equitably distributed. As of 10/31/64, the average active pending matters per Agent was 25.7 compared with field average of 24.1. Average number of cases closed per Agent is 11.3 (field average 12.2). TIO each month, October, 1963, through September, 1964, has been well above field average (Los Angeles approximately 28% each month compared to field average of 22.3% for offices of similar size). Instructions for improvement issued. 168 form errors found in 164 files out of 2,946 files reviewed for a percentage of 5.73% (field average 4.72%).

Travel costs for fiscal year 1964 were 6.8% above base furnished by Bureau. Per diem costs were 1% below base and communications costs were 12.8% above base. High costs of travel and communications attributed to major case investigations. Need to reduce expenses to minimum emphasized.

Chief Clerk's Office well organized and operating efficiently. Streamlining procedures to further improve operations suggested by Inspector. Stenographic production of 3.38 pages per hour is below average of offices of similar size (3.75 pages per hour). Typing production of 3.62 pages per hour is above average of offices of similar size (3.30 pages per hour). Stenographic pages requiring retyping (3.99%)

Memorandum to Mr. Tolson
Re: Inspection - Los Angeles Office

well above average of similar size offices (1.62%) while typists pages requiring retyping (2.99%) also above average of similar size offices (2.77%). Suggestions left with SAC for improving production and reducing retyping. Telephone survey detected one outgoing trunk line in headquarters city and four unlisted telephones in Resident Agencies were excessive and were ordered removed. Office was also instructed to conduct further survey to determine if additional cut can be accomplished.

Sustained work deficiencies and sustained administrative deficiencies by one Agent and seven instances by another Agent of delay in acknowledging correspondence from prospective applicants point up administrative weaknesses which show need for over-all tightening up by supervisory staff. Action to correct these weaknesses implemented during inspection. SAC's request for additional Agent supervisor to permit closer supervision of extremely large number of bank robbery violations occurring and to help correct administrative weaknesses detected by Inspector is justified and will improve and strengthen operation of office - handled separately.

PERSONNEL MATTERS VERY GOOD

As of 10/15/64 the Los Angeles Office had a complement of 282 Special Agents and 191 clerical employees for a clerk-Agent ratio of 68% (field average 64%). SAC requested 32 additional Agents, when available, to increase Agent strength from current 282 to 314. SAC points out Agent complement increased to 287 after last inspection, thus, current request is in effect for replacement of 5 Agents transferred and not replaced, plus an additional 27. Inspector's analyses disclose 16 additional Agents, for total complement of 298, justified at this time. SAC also requested 9 clerical employees (to fill existing vacancies). Inspector feels requested clerical replacements justified - complement adequate at that level. (Both requests handled separately.)

No Agents overweight. Three Agents on limited duty; one due to acute hepatitis; second due to back injury (work involved); and third due to heart attack suffered 6/22/63. All three currently under medical care - all justified (handled separately). Three Agents are not available for transfer - justified (handled separately). Los Angeles is clerical nonquota office but has sent two clerical employees to Seat of Government since 1/1/64. During the same period 9 Agent applicants have been recruited. SAC instructed to take vigorous steps to insure Bureau meets existing needs. Training programs appear adequate and satisfactorily administered. Voluntary overtime considered essential and productive.

CONTACTS EXCELLENT

Los Angeles has ☐ SAC contacts ☐ at last inspection). All known to SAC Grapp with ☐ developed by him and ☐ new contacts under development. They are

diversified and have been providing beneficial services. SAC handling public relations in excellent manner. In 1963 office credited with 234 public commitments. In first eight months of 1964, 198 public commitments filled and based on present commitments, total appearances will exceed 1963. Former and present SAC handled 41 speeches, 48 radio and 6 television appearances. ASAC made 29 speeches, 1 radio and 1 television appearance. The speech program was found to be effective with good geographical coverage before a wide variety of representative groups. Press relations found to be generally favorable and office is making good use of this medium. Increased police training noted for 1964 over 1963 - program is active, diversified and effective. Liaison programs are broad, active and productive. During past year a number of police agencies and organizations have passed resolutions endorsing the Director and commending him for outstanding service. Director, FBI and Los Angeles Office held in high esteem by individuals contacted by Inspection Staff.

According to Bureau records, Time Spent in Office by Agents (TIO) was 27.6% in November. While this is a reduction from the figure of 29.7% in October, it is still considered high. You should give this matter your personal attention and, if at all possible, achieve further reduction.

MEMORANDUM FOR MR. TOLSON

Today I saw Special Agent in Charge Wesley G. Grapp of the Los Angeles Field Division. Mr. Grapp makes a mature, above average, and excellent personal appearance.

I called his attention to the fact that his office had a substantial number of classes of cases which were in excess of 7% delinquency and immediate steps should be taken to correct this condition.

I told him I noted in February that the Agents in the Los Angeles Office were closing 10 cases per Agent, and I believed this was low and the output should be increased.

I also mentioned to Mr. Grapp the fact that in the first nine months of the current fiscal year when compared with a similar period of the previous fiscal year the Los Angeles Office had dropped 76% in fines, savings, and recoveries and this is quite a serious matter which should be given immediate attention.

I told Mr. Grapp that I noticed the Agents in the Los Angeles Office were spending 25.1% of their time in the office in March and the Security Squad was spending 51.2% of their time in the office and this was grossly excessive and he should take immediate steps to correct the same.

I discussed with him generally the matter of informant coverage stressing the importance of quality criminal informant coverage and domestic intelligence informant coverage.

I stated that I noted the overtime for the Los Angeles Office averaged two hours and thirty-two minutes in March, and while I would like to see the overtime reduced to approximately two hours a day, I realized in view of the volume of work and the constant additional legislation which is being passed by Congress giving us additional responsibilities, we could not keep it down to two hours a day, but that whatever overtime was necessary, I wanted it to be equitably shared by all of the Agents in the Los Angeles Office.

Memorandum for Mr. Tolson

April 13, 1965

I stressed to Mr. Grapp the imperative necessity of recruiting additional qualified Agents. I told him that since last July his office had recruited only 7 new Agents and there was need for more intensive work in this area.

I also called his attention to the necessity for keeping the pressure on in the Criminal Intelligence Program and discussed with him the various areas in which organized crime is active in his division and the fact that recent information has been developed indicating that a number of Chicago hoodlums were moving into the Los Angeles area.

I pointed out to Mr. Grapp that there were 200 unsolved violations of the Federal Bank Robbery Statute in the Los Angeles Office, which is grossly excessive and every effort should be made to reduce this number of unsolved bank robberies.

I think Mr. Grapp should be given an Outstanding Performance Rating.

Very truly yours,

J. E. H.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by Check - Money Order) the sum of \$10, payable to S.A.I.F., to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur.

There is attached for approval the annual performance report for SAC Grapp in which his services have been rated Outstanding for the period 4-1-64 to 3-31-65. I have signed this report as the Rating Official.

Mr. Grapp EOD 11-4-46, is in Grade GS 18, \$24,500, and has been SAC in Los Angeles since 3-1-64. The statistical accomplishments for his office during the first nine months of fiscal year 1965 as compared to the same period in fiscal year 1964 are up 3% in convictions, 4% in fugitives and 8% in automobiles recovered and down 76% in fines, savings and recoveries. During the last inspection completed 11-7-64 his office was rated Excellent in physical condition and maintenance and contacts, Very Good in investigative operations and personnel matters and Fair in administrative operations. During this rating period he was censured once and commended on two occasions. He was rated Excellent on his 1964 annual performance report. The Director saw SAC Grapp on 2-17-64 and stated he made an excellent personal appearance and seemed to be enthusiastic about his promotion to the position of SAC at Los Angeles. The Director also saw SAC Grapp on 4-13-65; however, comments are not yet available.

In the event you approve this rating, I respectfully request that you sign the original and the copy as the Reviewing Official and the Director sign the original and the copy as the Approving Official. Thereafter it will be transmitted to the Department with other Outstanding ratings for approval by the Departmental Committee on Incentive Awards. Mr. Grapp will then be entitled to a cash incentive award in the amount of \$400 as has been approved in the past for Special Agents in Charge.

RECOMMENDATION:

That you, as Reviewing Official, and the Director, as Approving Official, sign the original and the copy of the attached Outstanding-performance-rating for SAC Grapp and upon approval by the Department he be furnished a copy of his rating and approved for an incentive award of \$400.

**WESLEY G. GRAPP
SPECIAL AGENT IN CHARGE
LOS ANGELES DIVISION**

Mr. Grapp is the Special Agent in Charge of the Los Angeles Division, one of our largest field offices, and during the period April 1, 1964, to March 31, 1965, he has carried out his many and varied responsibilities in a superb manner and his performance has most assuredly earned for him the rating of Outstanding.

He is a veteran of more than eighteen years of service and has had extensive experience in investigative, supervisory, and administrative capacities. His rapid progress through the ranks to the important position he now holds has been due largely to his extraordinary abilities, energy, and devotion. He presents an impressive, mature appearance, has exceptional stamina, and displays unusual drive and enthusiasm in meeting his numerous obligations. His vast knowledge of the Bureau's operations and his superior reasoning power enable him to quickly define objectives and arrive at logical conclusions. Mr. Grapp's special qualifications of perception, judgment, and keen understanding and his great interest in and loyalty to the FBI have been contributing factors in his notable accomplishments.

Under his capable direction, the Los Angeles Division has enjoyed splendid success in the various fields of the Bureau's work and Mr. Grapp has performed every aspect of his duties in an exceedingly competent fashion. His achievements during the past year have exemplified the highest traditions of the Bureau and he certainly merits this rating of Outstanding.

REC-148

Dear Grapp:

It is a pleasure to advise you that the exceptional fashion in which you carried out your responsibilities for the period April 1, 1964, to March 31, 1965, has merited an Outstanding performance rating. A copy of this rating, which has been approved by the Departmental Committee on Incentive Awards, is enclosed for your retention.

In recognition of this fine accomplishment, I have approved an incentive award for you in the amount of \$400.00 and the check, which is enclosed, represents this award. This achievement represents a sincere and diligent approach to your work and a dedicated interest in the Bureau and I am most appreciative.

Sincerely,

Dear Mr. Hoover:

I read with great joy your letter of yesterday in which you advised me of my Outstanding performance rating.

The enclosed check, of course, can always be used to good advantage, but of even greater value is the knowledge of your approbation and support.

It is my sincere hope and constant desire to continue to perform my duties in the Los Angeles Division in a manner that is pleasing to you.

With warm personal regards,

Sincerely,

Dear Mr. Grapp:

I want to extend my appreciation, through you, to those Special Agents who participated so ably in the investigation and apprehension of Identification Order Fugitive, [redacted] subject of an Unlawful Flight to Avoid Prosecution case.

This matter was skillfully handled, with each man discharging his assignment efficiently and resourcefully. As a result of their prompt actions this dangerous fugitive was taken into custody without incident. The teamwork they displayed was exemplary and I want you to convey my sincere appreciation to them for their noteworthy performance.

Sincerely yours,

J. Edgar Hoover

ANONYMOUS LETTER FORWARDED
9-22-65 AT MIAMI, FLORIDA, AND
SUBJECT: "John (a) retired and happily

PERSONNEL MATTER

Enclosed are three reproductions of the above described anonymous letter, the envelope in which it was mailed and the newspaper clipping referred to in the anonymous letter. You will note that the communication contains derogatory comments concerning SAC Wesley G. Cressy including the allegation that he attempted to obtain a position with Interam.

The FBI Laboratory has compared the typewriting on the anonymous letter and envelope, the written signature "John" on the letter and the hand printed word "(Personal)" on the envelope with appropriate material in the personnel file of former SA William W. Turner without effecting an identification. The typewriting on the letter and envelope which corresponds to the standard for Underwood pica-style type having a horizontal spacing of 10 letters to the inch is different from the typewriting in Turner's personnel file. The signature on the letter is too distorted and the hand printing on the envelope too illegible to permit a meaningful comparison with specimens in Turner's file.

Latent fingerprints of value were developed on the letter, the envelope and the enclosed clipping. No indented writing was found. However, the sheet of paper containing the letter bears a spread eagle watermark which is used on U. S. Government stationery. The signature and hand printed notation were made in blue ink with a ball-point pen.

Appropriate inquiry should be immediately made in the Miami Division in an effort to ascertain the identity of the anonymous correspondent. Typewriting specimens should be obtained from the several Underwood typewriters in your division having pica type. These specimens should be forwarded to the FBI Laboratory for comparison. Your inquiry should be expedited and the results furnished to the Bureau without delay.

Xerox reproductions of the above-mentioned items are also being forwarded to the SAC, Los Angeles who should submit his comments regarding the derogatory statements relating to him and should furnish the Bureau and the SAC, Miami any information he may have regarding the possible identity of the anonymous correspondent.

SUBJECT: Unknown Subject - "John"
Anonymous Letter to the Director
Postmarked Miami, Florida, 5/24/65

DATE: May 26, 1965

On 5/25/65, the Administrative Division forwarded a typewritten envelope, postmarked Miami, Florida, 5/24/65, a typewritten letter bearing the handwritten signature "John" and a newspaper clipping from The Miami Herald, dated Friday, May 21, 1965, to the Laboratory for examination. The letter makes derogatory allegations about Special Agent in Charge Wesley G. Grapp, of the Los Angeles Office.

The submitted items were treated for the development of latent fingerprints. No latent fingerprints of value were developed.

The questioned items were compared with the material in the Anonymous Letter File without effecting an identification. As requested, comparison was made with the material in the personnel file of former Special Agent William W. Turner, (Bufile 67-45829). The questioned typewriting is different from the typewriting in the personnel file of Turner. The signature "John" on the letter is too distorted and the hand printed notation "Personal" on the envelope is too limited to permit adequate comparison with the writing of Turner.

No indented writing was found on the submitted material. No watermark was found in the questioned envelope. A five-cent U.S. postage stamp is affixed to the envelope. This stamp came from a sidewise coil of stamps. The letter contains a watermark consisting of a spread eagle design. This watermark is used in

FBI Agent, Antle, Takes Interama Post

By JEAN WARDLOW

Herald Staff Writer

An FBI man who helped stop two Naz spies who slipped by sub into the U.S. and planned to blow up key New York City communications during World War II will shoulder a quieter-type cloak next month.

Vince Antle

... an assistant

Vince Antle, a soft-spoken, silver-haired member of Miami's Social Register set, whose secrecy-shrouded FBI career has included threats from people with names like Butcherknife Billie, will assume his new post as administrative assistant with Interama.

Antle will retire from Miami's FBI office June 11 after nearly 25 years. He goes to work for Interama June 11.

Antle is changing posts, he said, with mixed feelings but added that he "will keep close liaison" with the FBI because of "the many security problems involved" in Interama.

The project, the first permanent exposition of the Americas, is scheduled to open December, 1967.

Antle is a graduate of the University of South Dakota Law School and looked forward to a quiet-type career at the time. But his first big FBI case changed that.

He was working out of the New York office at the time he was called into investigate the two Nazis who had slipped quietly by submarine into Miami "in the early days of the war."

"I was only one of many agents who were in on that case," he emphasized.

Antle also has served in FBI offices in Louisville, Washington and Miami, where violence erupted again.

He was in charge of the Miami end of capturing one of the nation's best known lone bank robbers, Clyde Milton Johnson, who escaped Dade County Jail and later was shot to death in a gun battle in Indiana.

In quieter days, Antle has made his name known here for work with youth in physical fitness programs and received a special Jaycee state award for it.

He's a member of the Florida Bar Association and is president-elect of the Miami Chapter of the Federal Bar Association. He heads the Jeronimo Athletic Club, is a vice president of the AAU Florida Gold Coast Association, a Miami Rotary Club member and on the executive board of the Beach Colony Club.

He also is listed in the volume Leading Young Men in the U.S.

Antle and his wife and their three children, Lisa, 12, and twins Nina and Van, 10, live at 701 Jeronimo Dr., Coral Gables.

Dear Mr. Hoover:

Permit me to dash off a few observations re enclosed clipping.

Vince Antel had rather fierce competition for the Interama position from his erstwhile boss WESLEY GRAPPE, the present Los Angeles SAC. Fact is, Grappe likes Miami so much that he was even willing to resign his SAC post for an Interama job that, incidentally, pays less than his present position. Vince Antel made a good impression on the Interama staff.

It is common knowlege hereabouts that Grappe is not very happy in LA where he can't have his way as in Miami. He says there are too many Bureau prima donnas in LA that his peculiar methods can't touch. Good old Wesley can be awfully cruel or sadistic when sober, but when tipsy or even drunk he starts crying on a persons shoulder about Bureau's alleged mistreatment of SACs. Well, surely a schizophrenic he if ever I saw one.

The above-described anonymous letter which is typewritten and dated 5-21-65 contained as an enclosure a clipping from the Miami Herald of 5-21-65 relating that SA Vincent K. Antle of the Miami Division is planning to retire from the FBI on 6-11-65 after which he will work for Interama which is described in the newspaper story as the first permanent exposition of the Americas. The anonymous letter alleges that SA Antle had rather fierce competition for the Interama position from SAC Grapp who likes Miami so much that he was even willing to resign his SAC position for an Interama job that pays less than his present position. The anonymous letter further alleges that it is common knowledge that Grapp is not very happy in Los Angeles where he can't have his way as he did in Miami, that he, Grapp, says there are too many Bureau prima donnas in Los Angeles that his peculiar methods can't touch. The communication goes on to state that "Good old Wesley can be awfully cruel or sadistic when sober, but when tipsy or even drunk he starts crying on a persons shoulder about Bureau's alleged mistreatment of SACs. Well, surely a schizophrenic he if ever I saw one."

The Director has indicated his suspicion that former SA William W. Turner may be in back of the anonymous letter. Accordingly, the Laboratory has compared the type-writing, the written signature "John", and the hand printed word "(Personal)" appearing on the envelope in which the anonymous letter was mailed with appropriate serials of Turner's personnel file without effecting an identification. The anonymous letter, its envelope and the enclosed newspaper clipping were also examined for latent fingerprints but no prints of value were found.

The above-mentioned items were compared with appropriate material in the Anonymous Letter File without effecting an identification and no indented writing was found on the material. However, the sheet of paper containing the anonymous letter has a spread eagle watermark indicating that it is U. S. Government stationery. ANYONE who has visited France knows how difficult it's always been to get soap in hotel bathrooms. Of course, one could always bribe the demme de chambre for a sliver, but the lack was annoying. So, when the Koffoeds went to Europe, we took a supply.

The French Tourist Ministry has ordered hotels in what they call the two-star category to supply soap for guests. The ministry is bothered. People are avoiding Paris for many reasons, including insolence of shopkeepers, clerks and servants, plus overcharging.

The order concerning soap will help a little. After that

"I was only one of many agents who were in on that case," he emphasized.

Antle also has served in FBI offices in Louisville, Washington and Miami, where violence erupted again.

He was in charge of the Miami end of capturing one of the nation's best known lone bank robbers, Clyde Milton Johnson, who escaped Dade County Jail and later was shot to death in a gun battle in Indiana.

In quieter days, Antle has made his name known here for work with youth in physical fitness programs and received a special Jaycee state award for it.

He's a member of the Florida Bar Association and is president-elect of the Miami Chapter of the Federal Bar Association. He heads the Jeronimo Athletic Club, is a vice president of the AAU Florida Gold Coast Association, a Miami Rotary Club member and on the executive board of the Beach Colony Club.

He also is listed in the volume Leading Young Men in the U.S.

Antle and his wife and their three children, Lisa, 12, and twins Bina and Van, 10, live at 701 Jeronimo Dr., Coral Gables.

Dear Mr. Grapp:

According to Bureau records, time spent in office (TIO) in the Los Angeles Office was 23.0 per cent in April. Although this is a reduction from March, it is still considered high and should be further reduced if at all possible. You and your supervisory staff should continue to follow this matter closely and insure that all TIO is absolutely necessary in the course of official business.

Sincerely yours,

J. Edgar Hoover

Dear Mr. Grapp:

It is indeed a pleasure to commend, through you, the personnel in the Los Angeles Office who performed so capably in an operation of importance to the Bureau in the security field.

Each man discharged his responsibilities in this complex and delicate undertaking with a high degree of imagination and thoroughness and the concerted efforts of all contributed to the successful outcome of this counterintelligence action. This is a vital area of our operations and the expert work of these men was noteworthy. Please convey to them my sincere appreciation.

Sincerely yours,

I immediately called to the Miami Office the entire supervisory staff, held a conference and thoroughly discussed this matter.

We have checked our inventory on Underwood Typewriters, have taken specimens of each typewriter and these specimens are enclosed.

Interviews are being conducted with all Miami Agents relative to this matter and we are affording it Top Priority.

SA ANTLE interviewed and states SAC GRAPP never expressed any interest in Interama to him and at no time had he any knowledge that SAC GRAPP was in competition with him or anyone else for job with Interama. He has no knowledge of who could have written anonymous letter.

Dear Mr. Hoover:

Permit me to dash off a few observations re enclosed clipping.

Vince Antle had rather fierce competition for the Interama position from his erstwhile boss WESLEY GRAPPE, the present Los Angeles SAC. Fact is, Grappe likes Miami so much that he was even willing to resign his SAC post for an Interama job that, incidentally, pays less than his ~~xxxxxxx~~ present position. Vince Antle made a good impression on the Interama staff.

It is common knowledge hereabouts that Grappe is not very happy in LA where he can't have his way as in Miami. He says there are too many Bureau prima donna in LA that his peculiar methods can't touch. Good old Wesley can be awfully cruel or sadistic when sober, but when tipsy or even drunk he starts crying on a persons shoulder about Bureau's alleged mistreatments of SACs. Well, surely a schizophrenic he if ever I saw one.

PERSONNEL MATTER

ReBuairtel 5/27/65 and Miami airtel 5/29/65.

I again personally interviewed SA VINCENT K. ANTLE and he advised that SAC GRAPP never expressed any interest in Interama to him nor did he have any knowledge that SAC GRAPP ever indicated any interest in gaining employment with Interama.

Since I have been here, I have been in contact with numerous mutual acquaintances of SAC GRAPP and myself and never at any time has anyone indicated that SAC GRAPP ever showed any interest in Interama. I feel that the reference to his interest in Interama, as set forth in the anonymous letter, is completely without foundation. In view of this, I did not feel it appropriate to contact any outside individuals or interview all of the Miami Agents. I feel that if SAC GRAPP had indicated an interest in Interama, I would have heard about it or it would have come to the attention of the ASAC or someone on the supervisory level in the Miami Office.

In view of the fact there is not one iota of evidence that SAC GRAPP was ever interested in Interama, UACB, no further inquiry will be conducted into this matter.

Re Buairtel 5/27/65 captioned as above with enclosures
and LA airtel to Bureau and Miami 6/1/65.

A review of the anonymous letter does not reflect one sentence that is truthful or accurate and in its entirety it is an outright vicious falsehood. Among other things the letter states that I gave competition to another Agent for a position with Interama and that I like Miami so well that I am willing to resign my present position in Los Angeles. Nothing could be further from the truth. Until the last few days I did not know that Interama actually had come into existence. I am not acquainted to my knowledge with the director or any of the trustees or any member of the staff. I have never discussed this matter with anyone. I have never written or received communications concerning it and if it were offered to me it would be flatly rejected. There never has been and there is not now any interest on my part in Interama employment. There is not one shred of truth connected with this allegation.

As to my liking Miami, I have never made a secret of the fact that I put in approximately three years in that area which I enjoyed very much. However, Miami does not play a part in my present or future plans. The Bureau records reflect I have one office of preference and that is the one to which I am assigned, Los Angeles. To further substantiate this I have my home in Miami, which is now empty, on the market at \$5,000 less than it cost me and I am willing to take a greater loss to unload it. My current plans do not include a return to Miami but to remain in Los Angeles as long as possible.

The second paragraph contains personally degrading and harsh statements concerning me, all of which are outright lies. These matters have for the most part been touched upon during the Turner matter. Each such allegation by Turner and his followers was refuted on the record by sworn testimony, affidavits or competent witnesses under oath. By the very method employed by this alleged ex-Agent he has shown treachery, a lack of forthrightness and violated the rules of common decency. The writer waited until I had left the Miami area, waited until I had been gone for over a year, waited until I was 3,000 miles away and then in a cowardly and underhanded manner wrote this dastardly tripe refusing to identify himself so there would be a minimum possibility of his being questioned as to the truthfulness and accuracy of his diabolical statements. This is a violation, as the Bureau is aware, of all sense of fair play. It is also an indirect insult to the Bureau and its officials whereby this anonymous writer alleges he possesses derogatory information concerning me which the Bureau has not been able to uncover and implies his knowledge of me is superior to that of the Bureau's. Obviously the writer is filled with malice and cowardice or he would have advised the Bureau promptly of his comments of me as set forth in paragraph two either through a signed letter to the Bureau or by contacts with Bureau personnel in Miami, the Inspection Staff or others from the Seat of Government.

As reflected above, some of this "garbage" was brought out in the Turner matter by him and his followers. He received statements critical of the Bureau, Bureau officials and/or me from the following individuals and it is suggested the appropriate comparisons be made with their files: [REDACTED]

If the anonymous writer is in reality an ex-Bureau Agent and if I played a part in qualifying him for that status I have undoubtedly done the Bureau and its personnel a distinct service.

The typewriting on the letter and envelope, postmarked Miami, Florida, 5/24/65, has been compared with the typewriting on the six samples of typewriting submitted with Miami airtel dated 5/29/65. The six samples of typewriting were described as having been prepared on Underwood typewriters bearing serial numbers 11-7159262, 11-7158799, 11-7173650, 11-7166216, 11-7173104, and 11-7169899. As requested, the typewriting on the questioned letter and envelope was also compared with the typewritten material in the personnel files of the following persons:

S. Bye Reeder, Jr.

Vincent K. Antle

The questioned typewriting is different from the typewriting on the six samples submitted by Miami and is also different from the typewriting in the personnel files mentioned above. The signature "John" on the letter is too distorted and the hand printed notation "Personal" on the envelope is too limited to permit adequate comparison with the writings in the personnel files mentioned above.

The purpose of this memorandum is to advise of SAC Grapp's denial of the derogatory statements in the above-described anonymous letter and to report the results of the inquiry to determine the identity of the anonymous writer.

As reflected in ^{my} memorandum of 5/26/65 the anonymous letter contained a clipping from the Miami Herald of 5/21/65 relating that SA Vincent K. Antle of the Miami Division was planning to retire from the FBI on 6/11/65 after which he would work for Interama. The anonymous letter alleged that SA Antle had rather fierce competition for the Interama position from SAC Grapp who likes Miami so much that he was even willing to resign his SAC position for the Interama job which pays less than his present position. The anonymous letter further alleged that it is common knowledge that Grapp is not very happy in Los Angeles where he can't have his way as he did in Miami, that he, Grapp, says there are too many Bureau prima donnas in Los Angeles that his peculiar methods can't touch. The communication went on to say that "Good old Wesley can be awfully cruel or sadistic when sober, but when tipsy or even drunk he starts crying on a person's shoulder about Bureau's alleged mistreatment of SACs. Well, surely a schizophrenic he if ever I saw one."

SAC Grapp has advised that the anonymous letter is an outright vicious falsehood in its entirety; further, that the statement that he likes Miami so well he would be willing to resign his present position in Los Angeles could not be further from the truth. SAC Grapp relates that until the last few days he did not know that Interama had actually come into existence, has never discussed a position with Interama with anyone and if a position were offered to him by Interama, it would be flatly rejected. The SAC admits that he enjoyed his three years of service in Miami but Miami does not play any part in his present or future plans. He points out that he has one office of preference, Los Angeles, where he is presently assigned and his former home in Miami is on the market at a price \$5,000 less than it cost him which loss he is willing to take in order to dispose of it. His present plans do not include a return to Miami but he intends to remain in Los Angeles as long as possible.

RE: ANONYMOUS LETTER POSTMARKED 5/24/65 AT MIAMI, FLORIDA

The SAC also categorically denies the other critical comments in the anonymous letter pointing out that for the most part they came up previously in the Turner case. SAC Grapp states that obviously the anonymous writer is filled with malice and cowardice or he would have informed the Bureau promptly of his derogatory comments either by a signed letter or by contacts with the SAC, Miami or the inspection staff. SAC Grapp suggests that Laboratory examination be made of the personnel files of former SAs [redacted] and [redacted] all of whom furnished statements to former SA William W. Turner.

b6
b7C

After the latent fingerprint examination of the anonymous letter developed no latent prints of value and the Laboratory examination of it indicated that it had been typed on Government stationery on a typewriter having type corresponding to the standard for Underwood pica, the SAC, Miami was instructed to submit typing specimens from the several Underwood typewriters in that division with pica type and to conduct other appropriate inquiry to identify the anonymous correspondent. The SAC, Miami forwarded to the Laboratory typed specimens from the Underwood pica typewriters in that division for comparison with the anonymous letter and also suggested comparison with any specimens of typewriting in the personnel files of retired SAs S. Bye Reeder, [redacted] and other Agents who retired from the Miami Division during the past year. Examination has been made of the personnel files of the former Agents suggested by SAC Grapp and by the SAC, Miami and the file of former SA William W. Turner without effecting an identification. Also, the anonymous typing differs from the specimens obtained from the Miami typewriters. The SAC, Miami reports that SA Antle is unable to throw any light on the possible identity of the anonymous writer, the SAC has discussed the anonymous letter with his supervisory staff and has developed no other information pointing to his identity. The SAC, Miami likewise points out that he is confident that the allegation SAC Grapp was seeking the Interama job is completely without foundation and unless advised to the contrary, the SAC, Miami will conduct no further inquiry into the matter.

Dear Mr. Grapp:

I am taking this occasion to commend you and, through you, contributing personnel in the Los Angeles Division for the excellent work done in connection with the program arranged for the retraining session of the FBI National Academy Associates, at Newport Beach, California.

The fine attitude, competence and enthusiasm everyone displayed in handling this assignment contributed immeasurably to the success of the session. You were particularly effective in affording the entire program your close supervision and I want you to convey to those who assisted my appreciation for their services.

Dear Mr. Grapp:

Bureau records indicate the daily average overtime of your office for May was 2 hours and 38 minutes. This figure is an increase over April and should be reduced if at all possible, consistent with the proper handling of official responsibilities. This matter should receive your close personal attention.
